Jerriann,

There have been some slight changes to the MOA and it is being circulated now for review. It most likely will not have signatures on it before Monday.

Hi Steve,
When do you think that you might be sending out the MOA for signing? We are putting together our decision package and was wondering if you are sending that out soon. If yes, then we would go ahead and include the signed version in the packet, if no, then we will include the draft version (Feb 2, 2007).

Thanks
